ABSTRACT

Fear is generally a troubling emotional reaction to wounds, illness or imminent danger, whether real or imagined. Fear can be both rational and irrational, normal and abnormal. Fear results from man's separateness to god, and it is the oldest and first mentioned emotion in the bible. When Adam felt fear because he had sinned, he faced the world alone and with his own fears. Therefore, there was a need to remedy aspects of the matter a counselor perceived, asa Christian counselor using the principles of god's role according to 1 Kings 19:1-21 to help fearful ministers when alone. The treatment and methods of this research use Gary Collins' theories, so the counselor USES a form of spiritual counseling, counseling, consultative and group counseling, to understand and complete the counseling case studies.

As for the role of god according to 1 Kings 19:1-21 in helping a fearful counselor when alone was: god understood his counting's; God gave councilor sleeping; God gave a place of service to the counter And god gave a friend to council.

Key words: principles, role of god, fear.
